

Letter of Recommendation for Martin Cyrankowski

I know Martin Cyrankowski since Summer 2010. As student he was participating in my lecture "Economic Policy/ China in the World Economy". I recognized him by his intensive participation and his outstanding apprehension. He was asking interesting and intelligent questions which distinguished him as eager for knowledge and open minded person. I also met Martin Cyrankowski on a constant basis as he was appointed as a Junior Lecturer and Research Assistant at a fellow Chair.

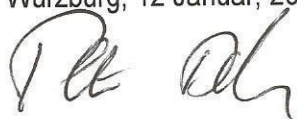

Martin Cyrankowski finished his studies with distinguished results. He finished his degree among the 5 percent of the best students in 2011. His studying record is distinguished as he also attended Chinese studies parallel with outstanding success. Given his academic record he is probably one of the most talented students I happened to learn during the last 20 years as a professor at the University of Würzburg. He also passed my seminar with best grades.

Martin Cyrankowski has proved his outstanding intellectual capacity in terms of analytical and critical thinking, learning and retaining of information, creativity and motivation by his distinguished academic record. Martin Cyrankowski is an extremely well organized person. Therefore I am completely convinced on the quality, degree of sophistication and plausibility of his plans to apply for the Master of Arts in EU International Relations and Diplomacy Studies at the College of Europe in Bruges. His curriculum vita and his ability to speak five languages fluently (Chinese, Spanish, Polish, German, English) distinguish Martin as an international oriented high potential.

I have learned Martin Cyrankowski as an open minded and friendly character with a high degree of responsibility for his environment. My staff at my chair confirmed my extremely positive impression of his commitment to his work and his friendly being which always enhanced the working atmosphere when he was around at my chair.

I wish Martin Cyrankowski all the best for his further carrier and truly regret that we were not able to convince him to stay at the University of Würzburg.

Würzburg, 12 Januar, 2012

Prof. Dr. Peter Bofinger

Member of the German Council of Economic Experts

(Mitglied im Sachverständigenrat zur Begutachtung der gesamtwirtschaftlichen Entwicklung)

Stuhl für Volkswirtschaftslehre, Geld
und internationale Wirtschaftsbeziehungen
